STUDENT COMPLAINTS.

The Board of Education believes it is necessary that students be made aware of the behavior that is expected of them, as outlined in district policies on school conduct and discipline. Building Principals are responsible for ensuring that appeal procedures are incorporated into discipline codes and/or student handbooks, explained to all students, and provided to all parents on an annual basis.

The Board encourages students to be active participants in the educational process. The Board strives to provide students with a sound educational environment, ensure that all students are treated fairly, and afford students the due process protections they are entitled to under the law. The Board understands that there may be times when students do not agree with school practices or feel as though they have been treated unfairly.

Many concerns about school practices can and should be addressed

through the student grievance process. Student handbooks may also provide valuable
